FALCON FREIGHT

Delivering Your Needs

Falcon Freights offers quick and secure services to deliver your freights across any part of the world. With an experience of over three and a half decades, we're a reliable, efficient, professional & economical international freight forwarding company. Falcon Freight proudly offers a wide range of services in global freight forwarding, regional and inland transportation, custom clearance, warehousing and distribution. We provide logistic solutions to any difficult freight issues. Be it sea freight, air freight, overland transport, multimodal transport & container terminal services, warehousing, distribution and project cargo handling, Falcon Freight offers cost effective operations. We stand by as the go-to organisation to track and transport your deliveries.

Chairman's Message

Saudi Arabia, the largest country in the Middle East, plays a significant role. Prime geographic location, borders, Arabian Gulf, Red Sea and North Yemen make Saudi Arabia's role powerful and effective. The extensive coastline on the Gulf and Red Sea provide it with the leverage in shipping. The border with GCC and Arab Countries gives an added advantage in overland transportation.

In the recent years, more than SR.300 billion worth of civil construction contracts have been awarded. Coupled with the new range of logistics products, the construction companies are growing into a more sophisticated chain management. To cater to the increasing demand, the business of transportation and logistics (domestic or foreign) is on the threshold of developing new alternatives.

Falcon Freight is at the forefront of the market today because of the deep commitment to our vision. We have set higher standards to adhere and accomplish. We are proud of our highly motivated team that has undoubtedly enabled us to forge ahead in this competitive industry. Our team provides effective solutions, just the way our customer likes to work.

Nasir Ahmed Al Qahtani
Chairman-Falcon Group

Vision

Falcon Freights envisions to emerge as the leading freight forwarders in the region. We advance through investment in people and knowledge. This aids us to better serve our shipping partners, colleagues, and associates.

Reliable and Efficient Logistics Services

Falcon Freight offers wide range of services in the field of International Freight Forwarding, Transportation, Custom clearance, Warehousing and Distribution. With an experience of over 35 years, we provide logistics solutions to any difficult freight issues. Our cost effective operations are sea freight, air freight, overland transport, multi modal transport services, warehousing, distribution and project cargo.

We own a fleet of trucks, terminal and storage facilities. Our services include forwarding to and from all major seaports with door-to-door packages and overland transportation across GCC and Middle East locations.

Our team of highly qualified, technically experienced and dedicated staff guides your day-to-day export and import cargo movement. Falcon Freight has vast expertise and quality expansion with international offices and associates at prime city hubs across the globe. This distinct advantage ensures we render sound, efficient and economical services.

Our progress has been achieved through dedicated efforts of Falcon Team. Yet, Falcon continues to strive for self-improvement, greater and higher level of customer satisfaction.

Soar High with Invincible Freight Management

Falcon is your leading solution to expert and cost-effective logistics services. We deliver your goods safely to worldwide destinations with remarkable sea freight, air freight, overland transport, multi modal transport services, warehousing, distribution and project cargo.

Land Freight

With over 35 years of experience, Falcon Freight's overland transportation division operates all kinds of vehicles for safe delivery of the cargo to any destination in the GCC and Middle East. Our dedicated team tracks all the movements right from the pickup of cargo until it is delivered in GCC and Arab states. The monitoring includes follow-up at all borders to facilitate speedy customer clearance during the transit. We are proud to be the leading choice/partners of shipping partners of Multinational Groups.

Sea Freight

Falcon has expertise in various types of cargo including LCL Cargo, Containerized Cargo, Break Bulk Cargo, Heavy Lift Cargo and Refrigerated Cargo. We offer the options of conventional, LCL, FCL, Import, Export shipments. We do also handle transit and reefer loads. Falcon Freight is the key player in the sea freight industry and has over the years earned the trust and appreciation of multinational clients. Customer requirements are our focus. We also offer customized operations for cross trade services.

Air Freight

Falcon Freight is the leading Air Freight Forwarder in the region and provides prompt delivery for inboard and outboard shipments. Irrespective of the size of the shipment, we handle back to back or consolidation or charter. Falcon Freight offers time managed solutions as per customers specific needs. We offer a quick turn-around time for air to air and sea to air transhipment to airports all over the world. We minimize transit time and costs with on time delivery assurance.

Multimodal Transportation

As a part of our multi-modal solutions, Falcon Freight was the first to introduce Land/Air and Land/Sea combined transportation via UAE. Refrigerated trucks of fruits has been transported from Riyadh to Dubai and then by air to Japan. Similarly we also carry lots of on flat and low bed to Dubai and from there to Iran, Pakistan, and other CIS destinations by sea.

Warehousing and Supply Chain Management

Today' fast changing world calls for an efficient supply chain; the key advantage in service industry. We have gone beyond the traditional role of freight forwarders to deliver not just service but integrated supply chain solutions. Falcon Freight warehousing and distribution division provides customer supply chain solutions including documentation, packaging, warehousing and distributions. We have multipurpose warehouse suitable for various consumer products. Our faculties include sorting, stocking, segregation, shrink raping, and product labelling.

Project Cargo

Project cargo is significant to Falcon Freight's expertise. Our experienced team works diligently to ensure efficient communication between project operation and customer service. This ensures the effective movement of the Cargo. We flaunt years of experience in working with projects and heavy lift cargo of different specifications and dimensions. The successful movement of 30,000 MT of project cargo from Jeddah to Pakistan, 1000 MT Transmission Line Tower to UAE, Oman, Qatar, Egypt, and Lebanon are big additions to our success story. We have plenty of heavy lift transportation within KSA and GCC states.

Container Storage Terminal

We handle your cargo with utmost care. Located near the Jeddah port, our container / general cargo storage terminal is properly secured and adequately guarded. All required equipment is in place including the 40 ton Reach Stacker, 20 ton Forklift and small Forklifts for stung & de stung of the container / cargo.

Insurance

Falcon also safeguards the interest of customer cargo by providing transit insurance. This avoids the risk of damage with any kind of commercial consignments and project movements. The facility includes marine cover for incoming and export shipments.

Customs Clearance

Customs clearance is sensitive business and plays an important part in both incoming and outgoing consignments. Timely clearance saves our customer with unwanted demurrages and detentions is our prime motto. We have in-house broker and designated clearing agents on all borders of Saudi Arabia. Our responsible staff monitors each and every shipment until it is delivered.

Inspection & Survey Services

We have separate division who takes care of inspections and surveys of any commercial cargo in port or outside. Our team has liaison with all international surveyors and inspectors and arrange any statutory or other regulatory surveys and takes care of documentation.

Household Goods & Packing

Your packing and shipping needs are tended to with utmost care; our professionalism in this field is based on a long experience. Our personnel have complete command over technical aspect of packing, stuffing and documentation of personal effects as well as commercial cargo. We specialize in a wide range of packing and handling.
